NEWS OF THE DAY.

Four men were killed and several seriously injured near West Nutley, N. Y., yesterday afternoon when a Erie railroad construction train jumped the track and dashed into the midst of a gang of track repairers who had stepped aside to let the train pass. A passenger train had just passed before the accident occurred. The work train had taken a siding to allow the passenger train to go by on the main track when the locomotive left the rails. What caused the accident is not known.

Another fligh tacross the Alps was made yesterday by the French avistor, Oscar Bider. He flew from Milan to Basel, Switzerland, a distance of about 160 miles, in 3 hours and 45 minutes. He made one brief halt at Liestal to replenish his fuel. The greatest height attained was 10,000 feet.

Aviator C. M. Woods, who has just finished a scries of exhibition flights at the Hempstead Plains aviation fields, New York, will attempt a flight to Washington and return without alighting next Friday.

A rubber doll it carried saved the infant child of Mrs. John Matheny, of Huntington, W. Va., from drowning. The mother with the child in her arms, fell from a boat, and the child went underneath the ferry boat, Mrs. Matheny being pulled out. In a short time the child was seen to emerge from the water at the other end of the boat, and was rescued. It sillt clutched tightly to the rubber doll, which acted as a bouy and kept it on the surface of the water.

A rumor was current in Madrid that a serious uprising had occurred in Lisbon. The London Daily Mail estimates that 1,600 bomb of various sizes have been foud in the streets of Lisbon since the organized attempt at bomb throwing was frustrated there Sunday, July 20.

Four persons were killed and one was seriously injured last Saturday night when the copper county limited, on the Chicago, Milwakuee and St. Paul railroad, running between Calumet and Chicago, struck a tree that the wind had blown across the track at Cable Line, Wis.

John Shake, a negro, was lynched at Dunbar, Ga., late Saturday by a mob which captured him after an all-day serched through swamps. The negro was swung up to a telephone pole in the heart of the negro settlement, and his body riddled with bullets. Shake was supposed to be the burglar who shot and dangerously wounded J. F. Hammock, a Dunbar merchant Saturday night.

Two sisters, Mrs. Elizabeth Johnson, of 17 West 10th street, of Erie, Pa., died in St. Vincent's Hospital yesterday morning as the result of burns received when a can of kerosene oil exploded in the Johnson home, drenching the two women and setting fire to their clothing, which was literally burned off them before the flames could be put out, in spite of the efforts of Mrs. Johnson's husband and of neighbors who rushed to the assistance of the women.

G. W. Mabes, of Dorr, W. Va., is in a critical condition in Greenbrier General Hospital, Ronceverte, W. Va., from a bullet wound in the thigh, inflicted by his nephew, David Baker, aged 14. Rabes had been remonstrating with the boy about using tobacco. After some talk the boy threw a bag of tobacco to the ground. Later he sought his uncle, and asked if he wanted to know where he got the tobacco, fired a revolver. The bullet struck Mabes in the thigh and ranged upward. The boy then took a bay horse from the stable and disappeared.

One man lost his life and sixty persons were more or less seriously injured in a double wreck on the Lehigh Valley Railroad, at Rockdale, seventeen miles north of Allenton, Pa., yesterday. The impact of the collision derailed a lime car and threw it against the tender of the night Buffalo express, which was just passing. The tender was torn from the express locomotive and sent to the edge of the river bank, taking with it two of the day coaches, and emigrant car and a smoker. The heavy steel Pullman sleepers behind did not leave the track, and the passengers were not even awakened.

ENORMOUS SUMS RECEIVED IN FEES

Richmond Officers Draw Many Times Their Worth For Services.

CLERKS ARE RETICENT

Supreme Court Clerks Make More Than Any Two Justices of Court of Appeals.

Richmond, Va., July 28.—Nobody knows what the fee officers of Richmond and of the State draw for their services. There are no official records from which the information can be obtained. The salary of the Governor of the State is fixed in the Constitution at $5,000. The jailor of the city of Richmond draws out of the State Treasury over $100 per day. He pays his own deputies and buys food for the prisoners, so that no one knows what the office is worth. A stammering bridegroom pays $1 to the Clerk of the Hustings Court for his marriage license. The State gets nothing. The dollar goes into the Clerk's pocket. Unless the Court Clerk keeps a private memorandum of their receipts from all sources, which is not required to be kept, there is absolutely no record, official or unofficial, of what such officers receive from the public.

For years there has been a notable reticence on the part of the larger fee officials as to letting any one know what they get. The statement made in the current campaign that single fee officers are drawing more than the local salaries of the five judges of the Court of Appeals seems to be borne out by the last report of the Auditor of Public Accounts, which shows payment for the board of prisoners in the Richmond jail, clothing, etc., practically all of which went to City Sergeant John L. Satterfield, of $38,889.18. Even at that it was less than the city sergeant of Norfolk drew. Apparently he was more successful in keeping his prisoners from being sentenced to the roads.

City Treasurer James B. Pace draw a flat salary of $2,040 from the city, the city providing in addition for all clerks on the city side. The State fees paid Mr. Pace in 1912 amounted to $15,545.48, out of which he pays the deputies employed on the State side of his office.

The salaries of the officers of Richmond are as follows:

Mayor George Ainslie, $5,000.

City Treasurer James B. Pace, salary from city, $2,04;fese from state $15,545.48.

Cler kof City Treasurer, city side, $2,000.

City Auditor, $2,400.

Special accountant, $2,500.

Building inspector, $3,600.

Five members of administrative board, each, $5,000.

City Attorney, H. R. Pollard, $5,-000.

Assistant city attorney, $3,000.

Superintendent of Public Schools, from city, salary, $960; from State allowance, based on population, estimated at about $2,500.

Superintendent of water works, $3,-000.

Superintendent of gas works, $3,-000.

Superintendent of electric plant, $2,-400.

Clerk Council committee, $1,800.

Sergeant-at-arms, City Council, $1,-800.

City chemist, $2,000.

Principal John Marshall High School, $2,700.

Principal Fox School, $2,000.

Principal Armstrong High School, $2,250.

WESTMINSTER EQUIPMENT.

Jumping Horses, Dumb Bells, Bowling Alley, Etc., in New Building.

Alexandria is soon to have a full-fledged bowling club, and from every indication there will be no lack of applicants for membership.

Ever since the splendid alleys in the Westminster Building have been completed, the young men constituting the board of governors had the organization of a bowling club in mind and have, in fact, already bowled several games on the newly completed alleys to try them out, an impromptu team having been gotten together for temporary playing, or until a properly organized club can be formed.

Under the direction of the Board of Governors the new gymnasium in the hall will soon be ready for occupancy. New equipment just received has been installed for use. This equipment includes jumping horses, dumb bells, Indian clubs, wall exercising machines, punching bags, etc.

A complete shower bath equipment has been constructed with bath room attached, locker rooms and dressing rooms, which will make this gymnasium one of the best equipped for its size in this section of the state.

G. B. Keniedy, president, F. L. Slaymaker, secretary, W. A. Moore, treasurer, F. C. Howard, and D. M. Low, compose the board of governors, who will have charge of the athletic exercises in the gymnasium equipment.

It will probably be decided to issue cards of membership to the gymnasium for periods of three, six and twelve months, which will entitle members to all privileges and use of the baths and apparatus in the hall. It is also the intention of the board of governors, so it is understood, to set aside part of the week for ladies and part for boys and men, so that both sexes can have use of and enjoy to the full the splendid facilities the gymnasium offers.

With the beginning of cooler weather it is probable that a club composed of ladies and gentlemen will have been formed for bowling at Westminster Hall alleys.

FAIR WEATHER THIS WEEK.

Local Thunderstorms But no Unusually High Temperatures.

Except for ocal thunderstorms, generally fair weather is predicted for the coming week by the weather bureau and no unusually high temperatures are expected.

"A moderate depression now extending from the lower Missouri valley northeastward to Lake Superior," said the weekly bulletin last night, "will move eastward attended by local thunderstorms during the early days of the week from the Ohio valley and Lower Lake Region eastward. The showers will be followed by rising pressure, with fair weather that will probably continue during the remainder of the week. In the South local thundersorms will continue,but probably not with so great frequency as during the week just ended.

"Over the central and western portions of the country generally fair weather will prevail, although local thunderstorms are probable early in the week over both slopes and the central and southern Rocky Mountains.

"A cool wave that now covers the northwest will spread eastward and southeastward in modified form, reaching the great central valleys and the lake region Monday or Monday night, and the Middle Atlantic States and New England about 24 hours later. Temperatures will rise somewhat by Tuesday west if the Mississippi river and the rise will reach the Atlantic Coast about Thursday or Friday, by which time another fall will probably set in over the northwest.

"There is no evidence of a West Indian storm."

DIPLOMATS WILL GATHER TODAY

Mexican Policy Expected to Be Settled at The Conference.

MEDIATION FAVORED.

Agitation by Newspapers Believed to be Responsible For Present Strained Relations.

Washington, July 28—Fixing of a definite policy with respect to the dealings of the United States with Mexico is expected to follow the conference today between President Wilson and Ambassador Henry Lane Wilson, and Secretary Bryan.

This conference is to be held at 2:30 o'clock.

Secretary Bryan was an early caller at the White House this morning He went there for the purpose of consulting with the President regarding Mexico. He was unable to see him, but was told that later in the day and before the conference with Ambassador Wilson, the President would advise with him.

There is no more necessity for intervention by force in Mexican affairs today than there was a month ago. The situation there continues serious, but is still far from critical This is understood to be the sentiment of the Administration.

It was made very plain today from an official source that President Wilson believes much of the present agitation is due to careful newspapermanipulation. Certain newspapers whose relatives are in the troubled zone are alone responsible for the increased feeling of apprehension And the President, it can be stated on unquestioned authority, intends continuing his investigations in a "big-brotherly" manner which has not yet taken into consideration "force of arms."

On the eve of his conference with Ambassador Wilson the President today was said to be far from pessimistic on Mexican affairs.

ATTACKED POLICEMEN.

Two Richmond Officers Came Near Getting Bath at Hands of Drunken Men.

Richmond, Va., July 28.—Asserting that he had been subjected to rough treatment at the hands of some Richmond people during his short stay in the capital city, F. A. Sharp, a Louisa county farmer, on Saturday walked up to Patrolman Bertucci, who was standing near the dock, and seizing him around the body, attempted to give him a bath in the cool water.

The two scuffled for several minutes and the stranger was finally subdued by the officer and placed under arrest. He was lodged in First Police station on charges of being drunk, disorderly and resisting arrest.

A somewhat similar incident occurred practically on the same spot a few minutes after, when Ralph Milburn attempted to throw Policeman Kidd into the dock. Milburn was placed under arrest by the officer on the charge of being drunk and disorderly. The prisoner immediately began to resist him, and while Policeman Kidd was placing the nippers on him he attempted to push him inot the water.

THREE YOUNG MEN FINED

Washingtonians Damage Property and Cause Disturbance in Restaurant

At an earlyq hour yesterday morning a call was received at the station house for officers to come to the Quick Lunch Room on the south side of King streets, between Fairfax and Royal. When Officers Garvey and Kerns reached the scene they found what appeared to be a free-for-all fight between three young men and two of the attaches of the restaurant When the officers rushed in, one of the young men,it is alleged,struck at them. The trio was taken in charge and conducted to the station house. Not having the necessary wherewithal, the boat in which they made the voyage from Washington to this city was held as collateral.

The youngsters were arraigned in the police court this morning to answer the charge of disorderly conduct and damaging property. They gave their names as Randall Herman, Marshall Low and Harry Asters.

According to statements by the restaurant attaches, the accused entered the place at an early hour in the morning and used insolent language towards them when told they could not be served with such viands as they desired. Becoming menacing, a call was sent in for the police.

By the time the Officers arrived the Washingtonians were engaged in an attack upon those in charge of the restaurant.

The accused in their evidence attempted to make it appear that their hosts had brought on the trouble by using unconventional language towards them.

About the time the evidence was in, two women, inmates of a house on north Lee street, came forward and positively identified the men as the parties who had kicked in the doors of their houses before they repaired to the restaurant.

The thre young men had acted rather boldly until this second charge was urged, when one of them broke down and begged fer leniency.

They were informed by the court that the three could be made to work on the Virginia roads for the next six months, but inasmuch as they had thrown themselves upon the mercy of the court, a fine of twenty dollars would be assessed against each. They had no money and were hustled down to the cells. It is supposed their friends will manage to raise $60 some time during the day.

A white man named Joseph Clark, was fined $5 for improper conduct on the streets. He was told that should he be arrested again on such a charge he would be fined and in addition be compelled to give bond for his future good behaviour.

These were the only cases before the court this morning.

COL. STAPLES IS MARRIED

Well Known Financier Weds His Nurse at Thousand Island House

A dispatch from Arexandria Bay, New York, states that Colonel O. G. Staples, millionaire hotel owner and banker of Washington, was married yesterday to his nurse, Miss Cecelia Kinnear, of Washington, The wedding took place at the Thousand Island House.

The announcement of the marriage wil be a surprise to the many friends and acquaintances of Colonel Staple, as the great majority, at least, had not the slightest suspicion that the colonel had been contemplating matrimony.

The bridegroom, while a resident of Washington, is well-known in Alexandria, which city he often visits. He is a director in the Alexandria National Bank and the Emerson Steam Pump Company.

His many friends and acquaintances extend their congratulations and wish him and his bride bon voyage over the sea of life

The bride has for more than five years been the private nurse of Colonel Staples, and is said by intimate frends of the pair to have saved his life more than a score of times. Though ordinarily in robust health, Colonel Staples is subject to attacks which suddenly bring about conditions requiring expert attention.

A large quantity of whiskey was tured in Franklin's tent and this s led the Revenue Officers to be- ve that the man was running a eakeasy.

The reports of disorderly conduct the part of negro troopers in nchester has been greatly exag- rated says Chief of Police Doran, the city force.

MADE HEAVY HAUL.

ve Barrels of Whiskey Taken From Fauquier Distillery.

The terrible thirst of unknown par- s, near Remington, Fauquier coun- created some excitement Saturday rning when it was discovered that distillery warehouse No. 25 be- ging to T. E. Hudson, had been ken into and almost completely pped of its contents in wet goods. The warehouse of Mr. Hudson is ated in the midst of a very dry rritory, and it seems that the un- own party or parties who had the nerity to break down the doors to warehouse during the night, could nd the dry spell no longer. So, af- satisfying their great thirst tem- rarily, with all they could drink the liquor stored therein, they ded the remainedr, which was near- 210 gallons in five barrels, on a agon and drove away with it for ure consumption.

This whiskey had been in bond for ears and Mr. Hudson will have to y the government tax on the whis- y stolen, amounting to about $250 addition to suffering the loss of the uor. There is no clue to the thieves.

Within view of thousands of spec- ors yesterday, Oscar E. Stuber, a ofessional diver, leaped from the ter span of the unfinished free dge into the Missisippi river at Louis and drowned.

RECTOR UNDER FIRE.

Rev. Charles S. Davidson Was to Face Ecclesiastical Trial on Monday.

Richmond, Va., July 28.—The sensational attack of Rev. Charles Steele Davidson, of Charlotesville, Va., upon the Proestant-Episcopal Church, after burning his vestments and prayer book at Monticello, the old home of Jefferson, on Friday, brought from Thomas H. Wilcox, chancellor of the diocese of Southern Virginia, the following telegram:

"Charles S. Davidson's attack upon the Episcopal Church made upon the eve of convening Monday in Roanoke of the court appointed by Bishop Randolph to hear certain charges made against him, was, to say the least, ill timed."

Chancellor Wilcox declined to give particulars as to what the charges against Davidson contained, but it is known that Davidson has written several letters refleching upon the Bishops of the Episcopal Church in Virginia.

Charlottesville, Va., July 28.—Rev. Charles Steele Davidson, who on Friday, in the presence of the old colored mammy, who lives in the little brick structure at the entrance of Monticello, the home of Jefferson, took spectacular leave of the Episcopal ministry by burning his vestments and prayer book, now proposes to conduct a series of services in the leading theatre of Charlottesville beginning probably next Sunday week.

He is confident that he will be able to secure a first class choir by applying to the various denominations of the city, including the Salvation Army. An Episcopalian will act as organist. The meeting will be open to all.

Washington, July 28—Episcopalian clergymen of Washington discredited the motives which prompted the statement issued by he Rev. Charles Steele Davidson when he announced that he had burned his vestments at the gates of Monticello, after resigning from the Episcopal church of which he had been a minister for several years. They said his charges against the church are so foolish and wild as not to deserve attention. Several who have known of the Rev. Mr. Davidson for years said that he was merely disappointed because his rise in the ministry was not fast enough to please him, and that at other times he has voiced the views expressed Friday, but in more moderate tone.

At the time that he resigned, although he had been nearly a decade in the ministry, the Rev. Mr. Davidson was only the assistant pastor of Christ Church in Charlottesville, Va.,

In his statement he charged that Episcopal church with being "shot through with paternalism," as favoring the rich and ignoring the poor, and forgetting the 'inner man while attempting to cleanse the outer body. All these charges were ridiculed yesterday by prominent Washington clergymen.

Winchester, Va., July 28—Henry Wyatt Clowe, sixty-eight years old, was found dad in a chair Friday morning in his jewelry store by his son, Miffin Clow. The coroners jury argeed death was due to inhaling chloroform for neuralgia, from which he suffered intense pain daily for years. He was a member of all local Masonic bodies and the Southern Methodist Church. A widow, three sons two daughters and two brothers survive.

His father, the late Captain Henry Wyatt Clowe, was superintendent of the Harper's Ferry arsenal several years before the Civil War began.

FORTRESS MONROE DEFENSES.

Searchlights Pick up "Enemey" at Distance of Ten Miles.

Norfolk, Va., July 28.—"The big guns at Fort Monroe "sank" a half dozen ships and put five companies of artilery to flight before daybreak yesterday. A second attack is expected today. The "enemy" attacked the fort about 4 o'cock this morning Searchlights at the fort picked up the "ships" ten miles up Chesapeake Bay, and the big guns at Battery Anderson opened fire at once. Other batteries followed and the official scorer announced that the ships had been destroyed.

The invading fleet was composed of half dozen army and navy tugs. There were five companies of coast artillery on the tugs, and they were endeavoring to land before they were discovered by the lookouts at the fort.

STUDENT ARRESTED.

Charged With Stealing Gold Watch From Fellow Student.

Charlottesville, Va., July 28—Paul Carr, of Waynesboro, Va., a student at the University of Virginia Summer school was arrested Friday night charged with the theft of a gold watch, the propery of S. G. Blanton, also of the summer school, was given a hearing yesterday before Justice C. E. Moran, and lodged in jail in default of payment of fine upon another charge of larceny, the theft of a pair of white silk hose.

During the summer school he has "rushed" the girl teachers and has been much in evidence at the dances every night at the Fry's Spring pavilion.

PIER DESTROYED.

Fire During Pyrotechnic Display Practically Wipes Out Amusement Structure.

Hampton, Va., July 28—While several thousand amusement seekers looked on helpless to prevent the damage, the big pleasure pier in front of the Buckroe Beach hotel was practically destroyed by fire Thursday night. The pier was about 300 feet long and 20 feet wide and when the blaze started there were two or three thousand people on the beach to witness a fireworks display, the first of the season at the resort.

The pyrotechnic set pieces had been placed on the pier and shortly after the fireworks started sparks ignited the long wooden structure, which was soon ablaze in several places. Spectators scampered to places of safety from which they watched the work of the flames, as well as the strenuous efforts of a bucket brigade made up of ebach employes and volunteers to save the pier. These proved unavailing, though pier. These proved unavailing, though the work of these men prevented the spread of fire, but not until the pier had been damaged to such an extent that it is practically worthless.

A double drowning occurred yesterday in Big Timber Creek, Gloucester, N. J., when Michael Berbekov got beyond his depth, and Andrew Skudac became exhausted and sank in attempting to rescue him. Three other Philadelphians met death in bathing accidents yesterday, while two drowning cases were reported from Southeastern Pennsylvania.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

EMOLUMENTS OF STATE AND CITY OFFICIALS.

As will be seen in an article on the first page of today's Gazette, the people of Richmond have taken an inventory of the annual outlay to meet the payrolls of officials in that city. The salaries and perquisites of some officers are fabulous considering the commercial value of similar work performed for private concerns.

In connection with the above the salaries of state officials is also published. As is the case in the capital city, the officers are well paid for the services they render.

In some cases the positions are necessary in order to carry on the work of the State, but that there are many posts in the commonwealth superfluous must be apparent to all people in the State who are levied upon annually to keep up the superfluous positions.

Were such a character as Frederick the Great head of affairs in this commonwealth his close pruning would set a number of people looking for jobs. It is said he kept close account with all his subordinates, and knew every detail of his household expenses, and, apart from a few giant soldiers, he never kept any useless officeholders about him.

Public positions have multiplied at an alarming rate in Virginia during the past few years.

Many persons suggest that a constitutional convention should be called as soon as possible, with the paramount issue in the selection of delegates 'war on useless official positions."

NEGRO REGISTER OF THE TREASURY.

As might have been expected, the appointment by President Wilson of Adam E. Paterson, an Oklahoma negro, to the important position of Register of the Treasury, has troubled the waters, and Democrats are not slow in expressing their disappointment of the President's course. Grover Cleveland took the same desperate chances when he selected blacks for high positions and where white men were their subordinates.

This incident is unfortunate, especially at this time, when the indications pointed to an ultimate agreement upon the part of Democrats on more important lines—the tariff and the currency questions.

While no supporter of the present occupant of the White House desires to take issue with the executive, it would seem that the experience of other Democratic presidents in coloring his tide of appointments with African blood would have caused him to stop, look and listen. The great majority of negroes, it is well known, vote the Republican ticket, and all movements, no matter how good the motive, to attempt to blend the race with the Democratic party have and always will prove futile.

Senator James K. Vardaman, of Mississippi, leader of the present movement in Congress for the repeal of the Fourteenth and Fifteenth Amendments, giving the negro the right to vote, has announced that he intends to resort to every parliamentary tactic to defeat the confirmation of Adam Patterson.

For years Register of the Treasury has been recognized as the Federal position which is allotted to the negro. When Cleveland was president he named a negro for the office. Other Presidents have done the same thing.

TIES HUSBAND AND KILLS HIM.

Cuban Women Commits Suicide Beside Body of Man who Beat Her.

Tampa, Fla., July 28—First tying him securely in bed as he lay asleep, Mrs. Avelina Rodriguez, a comely young Cuban woman shot her husband to death at their home in the eastern part of the city Saturday morning.

When she saw his life fled she cut the bonds from his body and, stretching herself beside him, fired the remaining shot from the pistol into her own heart and was dead when neighbors rushed into the house.

The pair lay side by side, and the slender ropes which still partly held Rodriguez's body to the bed and the pistol grasped in Mrs. Rodriguez's hand told the story.

The woman shot her husband four times. One ball went through his brain and the other three entered vital portions of the body.

Last week the woman had Rodriguez arrested on the charge of stealing money from her. On Friday she secured his release on bond and yesterday morning's double tragedy was the sequel.

One person was killed and four injured when two Southern Railway trains collided at Holton, eight miles from Macon, Ga., yesterday at 3:10 o'clock. W. A. Jackson, porter on a passenger train, standing on a siding, threw a switch causing the oncoming passenger train to enter it and collide with the halted train. Jackson was killed.

STRUCK BY LIGHTNING.

Man Injured and Three Mules Killed By Electric Current This Afternoon.

During an electric storm which prevailed south of this city this afternoon a man named Davidson who had charge of work at Mount Vernon, was seriously injured by a bolt of lightning and three mules which were in his charge were killed.

BULL AVENGES COW'S INJURY.

Infuriated By Bellowed Complaint. It Charges Red Touring Car.

Fort Plain, N. J. July 28,—Not content with the damage which a big Holstein bull did to the red touring car of Joseph Coffey, of East Orange, N. J., today the owner of the animal caused the arrest of Coffey for injuring a valuable cow of the farmer's herd.

Coffey, with his wife and son, who were on a tour of Central New York encountered the herd near Canajoharie this morning.

The cows were slow in making way for the automobile, and one of them was struck, causing her to bellow with pain and fright.

Infurated with the cow's bellowed complaint, and seeing the red car, the bull charged, breaking the lamps and otherwise damaging the machine before being driven off by the herd tender. The justice of the peace before whom Coffey was taken for examination adjourned the case to await the deveopments of the Holstein's injuries.

KILLED BY A GRINDSTONE

Sped by Bicycle Power, Bursts and Crushes Boy's Chest.

Carlisle, Pa., July 28.—Tickled by the speed they obtained by rigging a bicycle to it as the motive power, sons of Daniel Witmer overdid the pace and caused a grindstone to burst, fatally crushing the chest of Ernest, eight years old. The boys were sharpening a scythe when the accident occurred. A piece of stone weighing thirteen pounds struck Ernest, and he lived but two hours.

His Stomach Troubles Over.

Mr. Dyspeptic would you not like to feel that your stomach troubles were over,that yo ucould eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for ending your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Baker, of Battle Creek, Mich., is one of them. He says: "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlain's Tablets, then my trouble was over." Sold by All dealers.

MIDSHIPMEN DISMISSED.

Took Part in Joyriding Party Some Weeks Ago.

Annapolis, Md., July 28—Because they went off on a joyride and proceeded far beyond the limits in which middies are allowed to roam, were late for supper formation, and gave indications of having had a gay good time, two members of the new fourth class at the naval academy Saturday were dropped from Uncle Sam's service.

They are C. S. Ward, of Lewiston, Idaho, and M. A. R. Loth, of Waynesboro, Va. The escapade occurred some weeks ago, and since then an investigation, which brought forth no sufficient explanation of their trip has been made.

BRISTOL POSTOFFICE.

Something More Than Sentiment and State Pride is Involved.

Senator Martin, of Virginia, has made public a statement regarding the closing of the postoffice at Bristol, Virginia, which reads as follows:

"About a score of Virginians from Bristol weer in Washington Saturday as representatives of the immense mass-meeting held at Bristol, Va., protesting against the discontinuance of the postoffice on the Virginia side of the line at Bristol. The Postmaster-General has ordered this office closed, to take effect July 31, without any consultation with any patron of the office or with any representative of the State or district.

"Of course, there is a great deal of sentiment against striking down a postoffice in a municipality organized under Virginia law, but there is something more than sentiment and state pride, as sufficient as those considerations would be. It must be remembered that this Virginia city has a population of more than seven thousand, and without a postoffice at Bristol, Va., the business interests would be terribly handicapped. The schools, colleges, churches, publishing houses, and all of the agencies of civilized life of that locality are to be subordinated and disparaged if the Postoffice Department insists on its present policy.

"It is true a small economy might be accomplished, but a greater economy would be accomplished if the office at Jersey City were discontinued and the people of that city served through a substation from New York.

Indeed, such a policy would necessarily lead to the discontinuance of all State lines. Alexandria would go promptly.

"We have been laboring under the impression that the postoffise service was established to furnish facilities and conveniences for the people, and to promote their comfort and develop their aspirations and proper ideals. There should be economy in the service as far as possible, but the service should not be destroyed to economize a few dollars."

THREE TRAGEDIES IN A ROW.

Miner, Small Boy And Woman Victims Around Pottsville.

Pottsville, Pa., July 28—Roger Mahon, of Tower City, aged 52 years, sustained fatal injuries at the East Brookside Colliery while "robbing" pillars. He lost his footing and fell down a runaway, 25 feet, sustaining several broken ribs, some of which pierced his lungs.

Foster Wagner, of Landingville aged 7 years, chased by a dog, climbed upon a fence to escape the canine's fangs, lost his balance nad fell. Several of the tips of the fence pickets entered his right side and his condition is critical.

While preparing a meal for he husband, Mrs. Anna Iris McGee, of this place, suddenly fell to the floor and as the local hospital ambulance reached the floor of her home she died of apoplexy.

BOY PLUNGES INTO WELL.

Lands Headfirst in Bucket 50 Feet Below, And is Saved by Sister.

Santa, Fe., Kan., July 28—Alighting headfirst, in a water bucket suspended near the bottom of a well Friday, probably saved the life of Lloyd Church, son of a rancher, living in West Haskell county near the Colorado line. While playing around a 50-foot well, the boy fell into it. He was rescued by his 11-year-old sister who drew bucket and boy to the surface. The lads left arm and shoulder blade were broken.

HEFLIN IN THE PULPIT.

Denounces Woman Suffrage and Socialism.

A strong denunciation of the equal suffrage movement in the United States and England was voiced by Representative J. Thomas Heflin, of Alabama, in a sermon last night at the First Baptist Church in Washington, on "The Ideal Woman." He warned the women present not to be swept off their feet by "'this craze," as he ermed it, and "lured from the hallowed precincts of home by the cry of female fanaticism."

He classed suffrage workers as follows :

Suffragettes — Unmarried female fanatics.

Suffragettars— Unhappy, discontented married women.

Suffragettors — The male suffragette. A feeble-minded, suffrotescent creature, 'suffrotescent" being Mr. Heflin's own coinage, and maning, he said, wooden-headed.

He startled his audience by emphatically urging that girls should not be sent to college. Referring to Vassar College, he said : "That institution is overrun by socialism and the suffrage craze, those two deadly poisons to the republic and the church Over three-fourths of the young women graduated from Vassar are suffragettes and socialists. These are the things your daughers learn in college. Don't send them."

He declared that the ideal woman is the home-loving woman, who has been the inspiration of the American man in building up the nation and bringing it to the present state of development. "Any cause which creates antagonism between the sexes and destroys and crucifies sentiment is fraught with danger to the home," he said.

"ON TO DOWNING STREET."

Miss Pankhurst Again Arrested and Placed in Jail.

London, July 28—Sylvia Pankhurst, the militant suffragette, who was out on license under the "cat and mouse law," was the leader of a suffragette demonstration yesterday, which surpassed all previous Sunday afternoon affairs of the sort. During the rioting which followed, Miss Pankhurst was rearrested and taken to Holloway jail.

The meeting held in Trafalgar Square by the Men's Federation for Women's Suffrage and the East End Branch of the Women's Social and Political Union, had been announced in advance, and this fact, and also a rumor that a charge upon Premier Asquith's residence with resolutions avas planned, brought enormous crowds into the square.

"On to Downing Street," proved to be the watchword, and but for the vigorous work of the mobolized police, who arrested Miss Pankhurst and 20 men and women supporters, there would have been window smashing and perhaps worse damage at the Premier's house. The procession of men and women marched from Whitechapel to Trafalgar Square, with constantly growing crowds following.

It entered the square with the band playing the "Marseillaise" and planted banners on the plinth of the Nelson column. Miss Pankhurst made a dramatic appearance from among the crowd. and was dragged to the plinth amide great cheering. When the demonstration had subsided she delivered an impassioned speech.

'The time for speaking is over," she said. "Deeds, not words, are wanted. Let us all go to Downing street.'

Ministers Protest.

Absolute nudity in women is preferable to the present fashion of dressing, according to the Rev. Stephen A. Nettles, of Spartansburg, S. C., editor of the Southern Christian Advocate, who in an issue of his magazine strongly denounces what he calls "Sensuality in Woman's Dress." Mr. Nettles says: "Somehow it seems that many women love to display their forms. It has gone so far that in some cities laws have been passed forbidding the appearances of women upon the streets in certain styles of dress. Really we believe it would be morally far better for the women to follow the custom of many African tribes, who are robed in nothing more than beads of perspiration, than to wear these suggestive dresses that many are now adorning their bodies with.

Mr. Nettles says he believes that "one of the chief sources of this degeneracy of modesty in our women is found in the bathing custom and costumes."

The greatest political sensation Memphis, Tenn., has known in a decade came at an early hour Friday morning, when Malcolm R. Patterson, once governor of Tennessee, was trapped and arrested in a raid on a house in the disorderly section. The alleged reason is that he was interfering with local politics, and endeavoring to get out a ticket in opposition to the present administration, in retaliation for Mayor How's "opposition" to his contest for the United

Word has reached Panama from Ponome, a town in the interior of the republic, that Segundo Sanchez, a native of that section has proclaimed himself the Messiah. He has predicted the destruction of the world by a deluge in a short time, and some of his 80 adherents are engaged in building an ark, while other sare engaged in collecting in pairs animals of all species found in that region. His followers also have armed themselves, and in view of this fact the Panama government is taking steps to avert possible trouble.

One man was killed and two others wounded, one seriously, as the result of a pistol fight between rival gangs in the neighborhood of West Forty-Fifth street and Eighth Avenue, N. Y., yesterday. Edward Dempsey died in the New York Hospital yesterday afternoon, being shot in a running fight with Detective Henning. James Saraco was shot in the groin and is not expected to recover. Two prisoners were taken, Joseph Monida, who was slightly wounded, was arrested on a charge of felonious assault, and Charles Smith, who attempted to block the police, was locked up as a suspect. Dempsey died without making a stetement. Scarco has refused to thrown any light on

Allentown, Pa., July 26.—Black coffee and the high cost of living wrecked the romance of Mr. and Mrs. Andrew Hauser, of Catasauua, who were married three years ago, when he was 63 and she was 43, each embarking in matrimony, the second time. Yesterday the wife, Zenobia, started divorce proceedings.

Mrs. Hauser says she was used from life with her first husband to good black coffee. Hauser wanted his coffee as weak as dish water, and also objected to the bills she ran up at the store for her favorite beverage. The rackets that followed got on her nerves to such an extent that she desires to resume the state of single blessedness.
